Subject: Re: FJ Doyle Removal Update -ER funding lapse
Date: Tuesday, January 8, 2019 9:31:02 AM

ER is the ERRS contractor performing the majority of the work at the FJ Doyle site. I overheard the crew discussing a possible lapse in funding to the company due to the shutdown and being unable to work after February 1. This would halt all progress at the FJ Doyle site removal and negatively affect the residences and community of Leonard, Texas. Please let us know if there's anything we can do to help facilitate the payment of invoices to ER so that we can complete this project. Thanks
